DECISION

Before: Judge Merlin

These cases are notices of contest filed under section 105(d) of the Federal Mine Safety and Health Act of 1977, 30 U.S.C. § 815(d), seeking to challenge a proposed revocation of contestant's status as a person certified by the Secretary of Labor to take respirable dust samples. Each notice of contest relates to a citation issued to contestant's operator, Zeigler Coal Company, for allegedly tampering with a dust cassette. The Secretary has filed a motion to dismiss and contestant has submitted a memorandum in opposition.

On September 4, 1991, I held in Roberts v. Secretary, Docket No. KENT 91-896-R, that an individual such as contestant has rights arising from his certification which are entitled to due process protections. However, I further held that I had no jurisdiction to entertain an independent suit by such a miner or to grant him relief. The issues in Roberts are the same as those presented here and therefore, that decision is dispositive of this matter.

As contestant's memorandum points out, the operator here, unlike the operator in Roberts, has filed notices of contest challenging each of the citations issued to it. Contestant may wish to consider the possibility of becoming a party to the operator's suits. (See Footnote 1, page 3 of the Roberts decision.)

In light of the foregoing, it is ORDERED that these cases be and are hereby DISMISSED.

Paul Merlin
Chief Administrative Law Judge
